Driven by curiosity and a deep passion for cybersecurity and emerging technologies, I specialize in bridging the gap between technical expertise and real-world impact. With a solid foundation in IT and a strong focus on cybersecurity, AI, and research, I thrive in solving complex problems, building innovative solutions, and continuously expanding my skill set. I bring a proactive mindset, a sharp analytical approach, and a genuine enthusiasm for learning—always aiming to contribute meaningfully to any project or team I'm part of.

Education

MACQUARIE UNIVERSITY
Master of IT in Cybersecurity   Feb 2024-Dec 2025

AMERICAN INTERNATIONAL UNIVERSITY-BANGLADESH
Bachelor of Science in Computer Science & Engineering   Jan 2020-July 2023

Professional Experience

MODHUMOTI BANK LIMITED
May 2023 - August 2023
INTERN IT SUPPORT

- Routinely engage with the Networking Team to learn additional skills and help with the daily administration of Cisco switches and routers.
- Created a wiki of common desktop/application fixes for the support team, cutting ticket time to close in half.
- Provided hands-on support for hardware issues, including diagnostics, repairs, and replacements of desktops, laptops, printers, and other peripheral devices.
- Assisted in setting up and maintaining workstations, ensuring all hardware and software components functioned optimally for bank staff.
- Diagnosed and resolved end-user technical issues, including OS problems, application errors, and connectivity issues, both remotely and in person.
